Bogus GC Steel Checks Cashed; Arrest Suspect

A counterfeit check ring was uncovered Thursday afternoon by Granite City police after a suspect was arrested.

He is William J. McMurry, 28, of Belleville, who was arrested at 22nd street and Madison avenue at 4:55 p.m. Thursday on a charge of forgery.

Police are seeking a companion allegedly seen with him leaving the parking lot at the A&P grocery store at 20th street and Madison avenue at 4:25 p.m.

A woman sitting in a car on the lot was seen with the men and the license number of her car.

Appeared to Be Identical
The checks were identical to payroll checks issued by Granite City Steel Co.

One check was payable to N. J. Turk for \$388.50 and the store to W. Morris for \$369.10. Other officials became suspicious at 2 p.m. after the checks were cashed and were informed by Granite City Steel that the checks were not legitimate.

Another attempt was made at the same store a couple of hours later, when another check in the name of N. J. Turk for \$388.50 was presented. The bearer ran from the building to a waiting car.

McMurry was released on \$10,000 bond pending a preliminary hearing set for 9:30 p.m. March 23 in the local court.

Police expected that other counterfeit checks cashed in the area stores will be "bounced" by banks today.

The FBI and postal authorities were notified; police determined that counterfeit checks on the now defunct Yellow Travelers' check firm in St. Louis also were being cashed here.

Meanwhile a second suspect was arrested Friday afternoon in East Alton after he attempted to cash a GC Steel check also made out to W. Morris in the amount of \$389.10 at Arlin's store.

He was identified as Clyde Moore Cornett, who is a fake Granite City address. He also is wanted by federal authorities in connection with a post office burglary at Troy, Ind.

Cornett was held on a forgery charge by East Alton police until 5:30 p.m. when Granite City police today obtained a warrant against him for cashing some of the checks here. He has admitted obtaining \$700 by cashing the counterfeit checks, according to East Alton police.

Expect 35,000 At Polls Tuesday

Contests Limited to
District Races, Bids
For Sheriff's Office

An estimated 30,000 to 35,000 voters are expected to go to the polls throughout Madison county tomorrow to ballot in the 1970 "off-year" Democratic and Republican primary elections and, incidentally, participate in the earliest spring primary election in the state's recent history.

Polling places will open at 6 a.m. and close at 6 p.m. Results of the balloting will be tabulated immediately after the counting by election judges to the office of County Clerk Eulalia Hutz at Edwardsville.

Voters will nominate candidates for clerk of the Fifth District Appellate Court and for congressman of the 24th Congressional district. Voters of the Quad-City area will elect a state representative of the 55th Representative district, and for candidates for state senator of the 33rd Senatorial district.

At the county level nominees of both parties will be chosen for sheriff, county clerk, county treasurer and superintendent of the education system.

The only opposition in the county elections is for the nominations as sheriff, with county clerk, in the field on each ticket.

A Democratic battle for precinct committee of Troy, Ind. and Venice and Nameoki townships of the Quad-City area is expected to begin today in Granite City. Several committee contests also are on the ballots in Granite City and Chouteau townships.

Members of the committee will be elected, rather than nominated, in the primary balloting.

Voters also will elect rather than nominate a state central committee of the 24th Congressional district on each party ticket, as well as three representative committees.

Tomorrow's election day, coinciding with the state primary, will be a busy one for Granite City. All voters through out the county will be closed in accordance with state law, according to state law, during the hours the polling places are open.

The Illinois primary election date was moved into March this year under a 1966 law approved by the legislature in 1960 after an unsuccessful trial of a June primary.

Party leaders said the June primary interfered with state legislative sessions and stretched out the campaign.

Union Seeks Top Aid to Keep Depot Here

Assurance that every effort is being made for a public hearing to be conducted here for reconsideration of the March 4 order to close the Granite City Depot was given today by 200 members of the Operating Engineers Union who work at the Depot.

Go Bachinski, regional director of the union, outlined the plans during a union meeting Thursday night at 10:40 p.m. Temple here and said he has been guaranteed the aid of Gov. Ogilvie and Cong. Melvin Price.

And that Ogilvie is calling upon Sen. Percy and Sen. Smith to stress the economic loss to the community with the closing of the depot will be \$25 million a year, along with greatly aggravating an unemployment problem in Madison and St. Clair counties.

"We also have the backing of local businessmen and public officials and the 400-member Operating Engineers Local 2 in St. Louis, who know the ropes and will meet with the Missouri governor and congressmen to enlist their support," Bachinski told the membership.

Boy, 5, Trapped In Venice Fire, Dies

7 Other Children Flee
Safely; Blaze Razes
Family's Frame Home

A five-year-old Venice boy died last night of burns suffered early yesterday when he was trapped in a fire that destroyed the home of Mrs. Junita Barnes, 1010 Market street, and forced seven other children in the family to flee the burning home.

The victim was Otis Barnes, the third youngest of a family of eight children who were sleeping in the home when the fire broke out. Venice firemen and police said cause of the blaze has not been determined.

The boy was rescued from the burning house by four young men who appeared at the fire scene about the same time as the fire department and heard the oldest girl of the family cry out from the burning little brother out of the back room."

The four youths, later identified as Thomas Weston, M. C. Smith and Wellington Dew of Venice, and A. D. Spies of St. Louis, ran to the side of the house where Weston broke out the bedroom window with his fist, cutting his hand.

Child on Bed
He attempted to reach the child, but was temporarily overcome by smoke. Spies, it was reported, reached the same time and pulled the bed over to the window. The child was on the bed. He handed the boy to the other young men who carried him to an ambulance.

The boy, whom police said was burned about 90 percent of his body, was taken to St. Elizabeth Hospital and transferred from there to the Burns Center of the St. Louis University where he died at 10 p.m.

Weston was treated at St. Elizabeth Hospital where a laceration to his left hand was sutured. He and the other three youths are members of the Black Eagles, a group which later began a campaign for donations for the Barnes family.

The fire broke out shortly after 5:30 a.m. yesterday. Venice firemen said they received the alarm at 5:45 a.m. from Mrs. Ruby Marr, 1015 Market street, to whose home the children fled when they ran from the burning house.

Mother at Work
Mrs. Barnes, who has been employed in the emergency room of St. Elizabeth Hospital for the past five years, was at work. The children were in the care of the eldest girl who is 17. It was reported that Mrs. Barnes' husband is deceased.

Mrs. Marr said the children who escaped from the house told her they were awakened by the heavy smoke. None of them was injured. No furnishings were saved from the house and Mrs. Marr said she went to a nearby clothing store and purchased clothing for the children who fled from their night clothes.

The small, one-story, frame structure was gutted by the fire. Firemen, who were at the scene nearly three hours, estimated damage at \$200 to the property and \$1500 to the contents.

The Black Egyptian group announced that anyone wishing to contribute for the benefit of the family may call Mr. Felix Riley or Frank Wooten, or may call 452-8187.

Muri Anderson Dies; Metropolitan Agent

Metropolitan Agent, 65, of 300 West Park drive, Belleville, a retired Metropolitan Life Insurance Co. agent, died at 7:15 a.m. Saturday at Belleville Memorial Hospital. A patient there one day, he had been ill two weeks.

Born at Charbonier, Ill., Mr. Anderson was a former local resident and had been associated with the Metropolitan firm for 33 years. He was a member of the Granite City Rotary club, the St. Louis Metropolitan Club, the Litchfield Masonic lodge and the Scottish Rite.

He is survived by his wife, Maxine; one son, Mr. Edward Anderson, Kirkwood, Mo.; one brother, John Anderson of St. Charles; and two grandchildren.

Two firemen, including Chief Earl Fronberger, were hospitalized.

Chief Fronberger, 54, of 2425 Cover street, suffered an apparent heart attack and smoke inhalation at the scene and was admitted to the St. Elizabeth Hospital intensive care unit with chest pains. He is in fair condition today.

Fireman William Seago, 35, of 3223 Westchester drive, twisted his back while working on a truck ladder and sustained possible slipped disk. He was admitted to the hospital, being released today.

Partially Insured
The fire department alerted at 9:20 p.m., estimated damage at \$120,000 to the building and \$180,000 to the contents. The building was insured for \$100,000 and part of the contents were insured.

Cause of the fire was undetermined.
Firemen were on the scene for four hours. All off-duty men were called, and the Granite City department was assisted by men from the Madison volunteer fire department. A fire-fighting unit from the Granite City Army Depot was on stand-by duty for an hour.

Utilize All Equipment
All of Granite City's fire equipment was placed in use. Firemen noted that money left in the building, including some cash left in cash register, still was not damaged, although the bills became water-soaked.

Authorities are investigating. A department spokesman said that, at this time, there is no reason to suspect arson. The store operated as usual Friday evening and was cleared of customers and staff as the 9 p.m. closing time arrived. Firefighters later, passersby reported the fire to firemen at the main fire station, located across the street and in the same area.

The market was engulfed in flames as the firemen reached the scene, and a crowd of spectators gathered as they fought the blaze and also prevented it from spreading to a church and other nearby structures.

Traffic was detoured around usually busy Madison avenue, which became coated with grime from the fire, the dense smoke and water poured on the flames. The next morning, traffic had resumed and the store and sidewalk were barricaded to pedestrians.

out pre-primary campaign periods. Prior to the June primary date, which was initiated in 1968, state primary balloting was in April.

Estimates of tomorrow's balloting are based on a new official registration of 129,605 qualified voters in Madison county. This is only 250 more voter registrations than were recorded for the 1968 primary in which 36,200 voters went to the polls. Records show that about 30% of the registration has balloted in the biennial primaries since 1962.

In the 1964 April primary, 37,792 voters went to the polls, and in 1966, 34,033 cast ballots in the county-wide primaries.

Quadracy Vote

Of the total of 36,200 ballots cast in the 1968 primary, 13,187 were cast in the four townships of the Quad-Cities area—11,653 of them Democratic ballots and 1534 Republicans.

Voters will find few contests on either party ballot. Democrats will have a choice of candidates in the bids for nomination for clerk of the Appellate Court, for state senator, state representative and for sheriff.

Only contests on the Republican ballot is a five-way race for one nomination as state representative of the 55th Representative district, and for sheriff at the county level.

At the top of the Democratic ticket, Adlai E. Stevenson III, now Illinois state treasurer, is unopposed as candidate for nomination as U.S. Senator. Alan J. Dixon, Belleville, is unopposed for state treasurer and Michael J. Bakalis, DeKalb, is unopposed for the nomination as superintendent of public instruction.

In the bid for the Democratic nomination as appellate court clerk, Walter T. "Buck" Simmons of Venice, now serving as court clerk by appointment, is opposed by Robert V. Walsh of Mount Vernon. The post is subject to election this year to fill

a vacancy for four remaining years of the six-year term.

Cong. Price Unopposed

Cong. Melvin Price of the 24th Congressional District is seeking his 14th consecutive term this year and is unopposed in the Democratic primary balloting.

Three candidates are in the field for the nomination as state senator of the 3rd district on the Democratic ballot, with most political attention directed to the campaigns waged by State Rep. Sam Vadalabene of Edwardsville and Dick H. Mudge, an Edwardsville attorney.

Third candidate in the state senator's race is Sam P. Drenovac, a Chouteau township farm operator. Vadalabene has the support of the Venice-Madison Democratic organization.

Mudge, on the other hand, has campaigned against machine politics and claims the backing of a large number of Madison county attorneys.

Three candidates are competing for two state representative posts on the Democratic ballot, with nomination in tomorrow's primary tantamount to election. Incumbent State Representatives Horace Calvo of Granite City and LeRoy J. Kennedy of Alton are seeking re-election. Bidding for one of those two posts is David Partney of Granite City, son of Granite City Mayor Donald Partney.

In Sheriff's Race

The Democratic sheriff's nomination is sought by two candidates, both of whom have been conducting active, county-wide campaigns. The office is being sought by John Meeras of Madison, now county treasurer who cannot succeed himself in that office; and by James Estes, Chouteau township highway commissioner and a deputy sheriff with a background of law enforcement work.

Other candidates for county offices are unopposed. They include Miss Eulalia Holt, for county clerk; George Musso, now sheriff who is seeking nomination as county treasurer; and Wilbur R. L. Trimpe, who is

GOP State Contest

The Republicans have a statewide contest at the top of the ticket in the race for the nomination as U.S. Senator. Incumbent Senator Ralph T. Smith of Alton is now serving in the office by appointment, as a successor to the late Senator Everett M. Dirksen, but the remaining four years of the term is subject to election this year.

Smith is a top runner for the Republican nomination, but he is opposed by William Rentschler of Lake Forest, Ill. Smith is supported by Governor Ogilvie who appointed him to the office last September. A third candidate in the field, but who is expected to play only a minor part in the balloting, is Larry "America First" Daly of Chicago.

Principal primary election contest on the Republican ballot in the Quad-City area is the five-way race for one state representative post in the 55th district. The winner of that contest will fill the seat vacated when Smith was appointed U.S. Senator.

Seeking the lone representative post are Charles "Bill" Burns, Granite City; Walter J. Eundt, Madison; George J. Lebnick, Collinsville; Robert J. Walters, Alton, and Charles G. Thomas of Belleville. All have been campaigning actively.

GOP Sheriff Candidates

Only other contest on the GOP ballot is that for nomination as sheriff of Madison county, in which Louis F. Bowman, Alton, and Lester Vierling, Nameki township, are candidates. Bowman is supported by the regular Madison county Republican organization.

Candidates for Republican nominations to county offices without opposition include Pat Urban of Highland, for county clerk; Allan O. Claus, Collinsville, for county treasurer; and Clifford E. Tinsley, Godfrey, for superintendent of the education service region.

Only three candidates have filed for election as state representative committeemen in the 55th district on the GOP ballot, and therefore will be elected without opposition. They are Samuel W. Shackelford, Doreen Young and William J. Palecek. William D. Stiel of Belleville is unopposed as a candidate for re-election as Republican state central committeeman of the 24th Congressional district, which includes the Quad-City area.

In addition to the regular Democratic or Republican ballot, all voters will receive a separate white ballot on which they will vote for three members of the county board of school trustees.

Three candidates for these offices are unopposed. They are Homer Huber, Granite City; Gordon Burroughs of Edwardsville and Joseph N. Berry of Alton.

Petitions Ask Change In Income Tax Rules

A petition calling for amendment of the Illinois Income Tax law to exclude the lifelong savings of retirees from many local industrial firms is being circulated by Jerome Juda of Granite City.

Under the present law, Juda noted, every employee who resigns, resigns or withdraws funds from a position covered by a savings plan will be assessed many dollars on savings that were accumulated prior to Jan. 1, 1969, when the income tax law became effective.

According to Juda, "it is the opinion of several representatives and attorneys that it is illegal for the state to assess any monies accumulated in such a fund prior to last Aug. 1."

He said initial reaction to the proposal to amend the law has been tremendous and thousands of workers have signed the petitions. Many more petitions are expected to be completed in Northern Illinois, Juda said.

An effort will be made to complete petitions bearing more than 25,000 signatures to be presented to Governor Ogilvie prior to the opening session of the legislature on March 31. Any one desiring information may call Juda at 931-5336 after 5 p.m.

MORE ABOUT Union Seeds

The Depot in November it was brought out the local Depot is a principal installation serving Vietnam and that there were several years work on hand. "We're not against government cutbacks where there is inefficiency or duplication, but this Depot has proven to be efficient."

Governor—Key Person "The governor is the key person in getting a hearing and we have businessmen and officials willing to appear and testify, and the people should be heard, too."

In a short time, we're moving strongly and we'll be hearing a decision from the Army soon."

"It's not too late. It's never too late. The Army is obligated to look at the unemployment situation here. 'Why did they pick this Depot,' Bachinski continued. 'It's a major Depot and it's here for security reasons.'"

"Before we lose our jobs, the government will learn we're a labor union dedicated to jobs and community. We'll exert all the power we can in the national capital," he concluded. Bachinski then opened the meeting for comments from the members.

"Big Question" Leonard Giles, chief steward for the union at the Depot, said all of the 700 members had one big question.

"We represent the producers—the workers, and yet there are 10,000 to 12,000 government people in this area on both sides of the river."

"We're wondering why we're abolished and they're not even molested. A majority of our men are too young to retire, yet too old to be hired by other industries."

In the course of the discussion, it was brought out that 85% of the union membership employed at the Depot are veterans of world war II, the Korean war and the Vietnam war, and that 25% are disabled veterans.

"I didn't realize this," Bachinski said after there were shows of hands. "This is a matter of importance, too. Many of you would not be hired by private business or industries because of disabilities, yet you're fully capable of doing your assigned jobs at the Depot."

Disabled Vet Speaks Dale Mortland of Alton, a disabled war II veteran and commander of the Alton DAV Chapter, said he had 17 years government service and spent 10 years in hospitals. "I have six to feed, and I'll be out on the street. Private business won't hire me. I'm just looking for a chance to work and earn a living."

Bachinski commented, "I don't think Secretary of Defense Melvin Laird has any idea of the type of employees they have at the Depot. This union is the type of evidence we need for the hearing. You're entitled to better consideration."

Giles pointed out the Depot workers have "vast experience and knowledge in modifying, repairing and rebuilding the junk the Army buys. If these men are thrown out of work and an emergency arises, you just can't find all that talent and experience overnight."

Giles went on to say the Depot is overstaffed with supervisory personnel—one for every eight workers. "We're judged by the Army on charges. A \$4 to \$4.50 an hour worker is charged out at \$14.50. We've been 'managed' out of jobs by the overhead costs piled up by supervision."

The Depot's golf course was brought up repeatedly during the two-hour union meeting. Bachinski said he was disappointed in the community taking the stand that it would like to have the property.

"The mayor can have that golf course."

Someone in the audience called out, "Yeh, let the mayor have it. He can plow it up and plant turnips."

Bachinski called for a show of hands on how many members had written letters, and one remarked that he had even placed calls to Washington.

A non-veteran spoke up and said he had been turned down by the Army, but felt his job at the Depot gave him a role in protecting and preserving the country. "My dad's a disabled vet, and I'm trying to help to the best of my ability." He was given a round of applause.

About 12 to 15 of the union members at the meeting, it was brought out, are members of a 48-hour quick reserve unit at the Depot, available for emergency work in Vietnam or anywhere overseas.

"Quick-Ready Group" "I didn't know that, either," Bachinski remarked, adding, "And I'll bet Washington doesn't either."

Bachinski stressed the hearing requested from the Army and defense department "is not just a union hearing, but a community hearing. We want to get all the city fathers in on the hearing."

"After all, in Washington they conduct hearings for the hippies and the yuppies and let them have their say."

"You are mostly veterans and you haven't resorted to picketing and demonstrating because you don't believe in that sort of thing. 'We'll get the hearing, or there will be plenty of difficulties. We all pay income tax and there were no whippers over the surtax, and that added tax was to support such programs as the Depot."

"We all know the strain you're under," Bachinski continued. "You don't know what's going on or what's to happen. But we're dedicated to save the Depot."

Coronary Care Program For Nurses Proposed

A coronary care training program in which nurses from St. Elizabeth Hospital would be among those given enrollment preference has been approved by the Bi-State Regional Medical Program regional advisory committee.

Proposal for the program, together with another proposal also approved at the regional committee's meeting last week in St. Louis, will be submitted to the U. S. Department of Health, Education and Welfare for funding consideration.

Dr. William Stoneman III, program coordinator, said the HEW decision is expected in July and the program could be operational four months thereafter. About 20 registered nurses employed in the local hospital's Intensive Care Unit would be eligible to take part.

The Bi-State RMP organization exists to promote and test ways to improve health care in eastern Missouri and southern Illinois, particularly in heart diseases, cancer and stroke. The proposed training program was created in response to needs expressed by hospitals in a previous survey.

Although the program will be open to nurses from all the region's hospitals, Dr. Stoneman explained that enrollment preference will be given to nurses

from hospitals responding to the survey.

St. Elizabeth Hospital was among those expressing interest in the program. Ted Eilerman, assistant administrator at the local hospital, said today, "We think this type of program is needed and our nurses have expressed interest in participating to gain new knowledge or as refresher training."

A total of 218 nurses is expected to be trained in the series over a three-year period. The program will be headquartered in St. Louis University School of Nursing and Allied Health Professions. Cooperating in presentation of the program are Barnes Hospital, St. Mary's Hospital, St. Louis Veterans Hospital, St. Louis University Hospital, St. Louis Heart Association and Washington University School of Medicine.

The second proposal approved by the Bi-State advisory committee was for establishment of a rehabilitation program for St. Louis area patients recovering from heart attack. The project will be headquartered in Washington University's Mallinckrodt Institute of Radiology and will accommodate an average of 250 patients yearly.

"These two proposals," Dr. Stoneman said, "represent Bi-State RMP's initial attack on heart disease which accounts for more than 40 percent of the deaths in this region. The rehabilitation program will help those who have survived a heart attack to get back to normal living; the nurses' training program will help heart attack victims to survive."

Both proposals are budgeted for a three-year period. Estimated cost of the coronary care nurses' program is \$271,363; the rehabilitation program, \$290,637.

Poe Sentenced to 5-7 Years on Two Burglary Counts

James D. Poe, 27, of Granite City was sentenced to two concurrent terms of five-to-seven years in Menard state penitentiary last week by Circuit Judge James O. Monroe after pleading guilty to burglary charges.

The sentences also will run concurrently to a term of eight-to-10 years issued in Macoupin county on a burglary charge. Poe, following the sentence, was taken to Montgomery county to enter a plea on the charge of burglary at an antique shop in Raymond last January.

He was charged here with burglary at the Woodcreek auto agency and at the Venice-Madison American Legion post home.

Kenneth Graham, Granite City, was placed on five-years probation on an auto theft charge on condition that he serve 11 months at the state prison farm at Vandalia. He was charged with stealing the auto of Charles "Bill" Burns, Granite City catereria operator, about 11 years ago.

Gary Sidwell, 19, of Granite City, was placed on three years probation on condition he spend 10 months on the prison farm on a charge of aggravated battery. He was arrested in connection with the stabbing of Charles Bridges of Granite City last Dec. 7 at the West Side tavern.

John Minder and Allen Minder, both of Granite City, were placed on three years probation on condition they serve three months at the prison farm in connection with a burglary at the ABC Service Co. on Feb. 24 and theft of an auto from Kirkpatrick Homes. They were arrested in Alton. Another theft charge was dismissed.

Ronnie Watson, 24, of Venice, pleaded guilty to a charge reduced from burglary to criminal destruction of property and was placed on three months probation. He was arrested in October by Madison police in connection with a burglary at the Markely Plumbing & Heating Co. last July.

Payroll Check Cashing Identification Urged

Positive identification when cashing payroll checks was urged today by Howard W. Colquitt, executive manager of the Tri-Cities. He commented:

"Periodically, the Chamber of Commerce of the Tri-Cities receives calls from stores in the area regarding payroll checks they have cashed that were either forged or stolen. In some instances, these are checks from local industries and various state of Illinois agencies."

"To avoid this problem," the Chamber urges that all businesses that cash payroll checks have a store policy requiring positive identification and a method of identifying signatures.

"Responsibility for cashing these checks is with the individual stores. Industries and other businesses that issue payroll checks in the area have no obligation to honor stolen or forged payroll checks. If you cash a bad check, the only recourse you have is to notify the local police department or county sheriff's office."

"Proper identification is the best insurance against this problem."

Man Assaulted, Robbed

Harry E. Snel, 3002B East 23rd street, was arrested Thursday on a burglary charge after a warrant was obtained by Jacobine Greer, 1207 Kirkpatrick Homes.

He was charged with breaking into her apartment, taking the keys to her auto and stealing it. He was taken to the Madison county jail in lieu of \$5000 bond set by Magistrate Matias. A preliminary hearing is to be set in Edwardsville.

Candidate Burns Calls For an Open Primary

An open primary to choose a state representative free of obligations to any special group was called for during the week-end by Charles "Bill" Burns, Granite City, one of five candidates for the Republican state representative nomination tomorrow.

Burns cited a letter to him in which State Senator Merrill Ottwein said, "I am convinced you would make a good representative. Bill, I think I know you well enough to be convinced of your sincerity and your concern about becoming the best public servant you can possibly be."

"I've come to appreciate you greatly and value your friendship," Ottwein continued. "Sincere best wishes. The words are true. I have come to appreciate you and trust you, and value your friendship highly. And you've got a small army of friends that feel the same; no man could ask for more."

Burns stressed that "I am not anyone's chosen candidate; the decision to run was mine alone. I am not campaigning for the benefit of anyone to for a promotion for any one person to take over control of the Republican party in Madison county."

"My campaign expenses in 1968 came from my own pocket. I was not on the governor's payroll then, and I am not on it now. The choice for county

chairman should be up to the precinct committeemen. "I am naive enough to think that people want better government and that not everyone in politics is in it for personal gain. I can assure you that I am not."

"We must have a strong two-party system to insure sound, common-sense government. And we need open primaries; the voters deserve the right to select their candidates."

Kahoks Carry Area Hopes Into '16'

Collinsville's tall and poised Kahoks will meet fast-breaking Effingham St. Anthony in a Sweet 16 super-sectional at Charleston at 7:30 p.m. Tuesday.

At Friday's sectional finale, the Kahoks defeated Triad 78-60 at Edwardsville. St. Anthony beat Mattoon 103-101 in double overtime at Olney.

Coach Vergil Fletcher believes that St. Anthony is the last roadblock between his Kahoks and the state crown.

At Edwardsville, with a student enrollment of 280, is a hard running team using the run-and-gun style. Collinsville must slow the game's pace in order to best utilize its pressing defense and tall front line - 6'8½, 6'4 and 6'4.

After the Charleston super, Fletcher suspects that other

Elite Eight teams, unfamiliar with his team's style, may have trouble penetrating the Kahok defense.

At Edwardsville, Collinsville jumped to a 21-8 first quarter lead and then maintained about that margin.

Jerry Ahart took Kahok scoring honors with 21 points, Kevin Brennan had 20, Dave Deets 13, Bob Shapiro 12, Bill Klein seven and Rich Knarr two.

Vote Without Outside Advice, Thome Says

In a statement Friday, Charles G. Thome, a candidate for the Illinois House GOP nomination, noted that "Gov. Ogilvie in his address to the 1200 people attending the Lincoln day dinner gave his unqualified endorsement to Robert Walters, one of five Republican candidates for state representative in the 55th District.

"Of course, this is his privilege to throw his prestige and influence behind any candidate of his personal choice. However, during my political career this is unprecedented in the Madison county Republican party.

"Before this endorsement was made, the county organization remained neutral. This was a healthy situation for the party and the best way to win.

"I would like to explain how I became a candidate. My very first step was to go to the county chairman, Charles Walters, and ask him, 'Are you as county chairman going to endorse a Republican candidate for state representative?' His answer was an unqualified 'No.' I then went to the Madison county Republican party and asked them to endorse me. They have maintained that position.

"The reason I wanted to know in advance is because it costs a lot of money to run for this office. You don't run for political office on the installment basis. A candidate must pay the money on the barrel-head.

"However, this turn of events does not discourage me because of the many encouraging telephone calls I have since received. I'm confident that Republican voters will select their representative without any help from any outsider.

"A word to the many state employees pledged to my candidacy: Your job is more important to you and your family than my being elected next Tuesday. I release you from any previous pledge.

"To Republican voters, I respectfully solicit your support and vote. If elected, I'll be the people's representative and no other."

Summers, Essington Establish 7 Records

The SIU-SW basketball team, which finished its season with a new record 39, old, 36, 7-16 record, set 19 new records in 32 categories in its third year of intercollegiate competition. SIU-SW opened its doors to students five years ago and now has a 12,100 enrollment.

Nine of the new records were set during the 1969-70 campaign by the Cougars' captain, Bernie Pitts of Alton, a senior. Three were posted by Rich Essington, junior guard, who played his prep ball at Venice high. Four were made by John "Champ" Summers, a junior who became eligible early in January.

Pitts and Essington were regulars all season and played 23 and 22 games respectively, while Summers took part in 15 contests.

Pitts broke the school's individual career scoring record formerly held by Tom Dahncke when he scored 707 points.

Rewriting the Record Book

Two other school records were re-written by Pitts: most free throws, 327, and most free throws made, 205. In each case, the old record was held by East Alton's Gary Collins, since graduated. Collins' old single-game freethrow attempt record of 18 also was bettered by Pitts this season when he was awarded 19 in the Cougars' game with Milton College.

In single game statistics, Pitts broke his own free throw attempt record of 13 set last year with his 194 taken in 1969-70. Pitts rewrote the one-game rebound school record mark of John Gregory of Belleville (193) when the Alton native pulled down 242 rebounds this past season. He set a new single-game rebound mark of 25 this year.

SIU-SW's single game record for free throws made was claimed this season by Pitts as he made 129 to supplant Gregory's old mark of 81 set in the 1968-69 campaign.

Pitts' other two new standards were set in rebounds and most points in one season. Both were held by Gregory. In rebounds, the new mark was 242; the high points total was 389.

39 Points by Summers

Summers set the new single-game scoring high in a regulation contest in the Cougars' finale when he poured through 39 against McKendree.

The old record had been held by Dahncke, when he made 32 against the Sanford-Brown College club in December 1967. The previous high, however, was held by Pitts, but in a double-overtime contest last season, when he scored 35 against Rockford College.

Essington set a new high in field goals this season when he made 145. Pitts had held the previous high of 121, set last season.

New Team Marks

The 1969-70 SIU-SW club set two new team records: free throws attempted—new record

Golf Cougars to Open 1970 Season in South

SIU-SW's varsity golf coach, Harry Gallatin, has started extensive drills aimed to cut his 11-member squad to six players who will journey to Florida March 21-29.

The Cougar golfers, who will open their regular season March 30 with a match against the Washington University Bears in St. Louis, will leave here Saturday and will play the University of South Florida at Tampa on Monday, March 23. They will move south to take part in the University of Miami invitational tourney March 25-28.

NCAA Tournament

During the regular season, the SIU-SW golf team will oppose 25 college and university teams, and then will take part in the NCAA college division championship at Youngstown, O., June 16-19.

Coach Gallatin will employ medal play competition to select his six-player squad to take the trip south. Tomorrow and Friday afternoon, medal play will be used to determine which of the players will qualify. The Cougars' home course will be the Sunset Hills Country club. Gallatin has six lettermen back from the 1969 squad, which compiled a 17-5 record. They are: Chuck Eckley, junior, Tom Kamman, senior, and Ed Kraft, senior, all from Belleville; and three seniors from Ferguson, Mo., Larry Gilbert, Joe Perry and Jim Trotter.

March Boyajian, a junior transfer from Belleville Community College, appears to be the strongest candidate to win a berth on the squad. He finished in a tie for 12th in last spring's national junior college tourney held at Rosewell, N. Mex., and qualified to represent the St. Louis district in the U. S. Golf Association national amateur golf tournament held at Oakmont, Pa., in August.

Three other hopefuls complete the roster: Two, Pete Bulkwich, sophomore, and Patrick Kennedy, junior, are from Alton. The other is Bill Hellman, a sophomore from Florissant, Mo.

The golf schedule:

March 23, at University of South Florida, Tampa, Fla.; March 25-28, at University of Miami invitational tourney; March 30, at Washington U., St. Louis; April 3, Principia College here; April 6, Blackburn College, Carlinville; April 7, University of Missouri, St. Louis, here; April 10, at Normandy Country Club, St. Louis, to play University of Missouri, St. Louis, Western Illinois University and St. Louis University; April 11, at Greenville College; April 13, at St. Louis University; April 14, Eastern Illinois University and Milliken University here; April 20, at

Precinct Committeemen to be Elected in Tuesday Vote

A spirited bid for election to Democratic precinct committeemen posts in the Quad-City area—posing a direct challenge to the Venice-Madison Democratic political organization—will highlight primary election balloting tomorrow. Precinct committeemen are elected, rather than nominated, in the primary.

Major contests for committee spots will be waged in Venice township, seat of the Democratic organization power, and in Namekoi township where the political control of Supervisor Harry Briggs is being strongly challenged by the new town organization that was elected a year ago.

Democratic committee posts are being contested in seven of the 11 Namekoi precincts, while in Venice six of the 11 committee jobs are at stake. Only three contests have developed for the 32 Democratic precinct committeemen in Granite City township. Contests also are on the ballots of two of the four precincts of Chouteau township.

Republicans, on the other hand, have only a few scattered

City Clean Air Board Wants Full-Time Staff

A recommendation for a \$17,000 budget in 1970-71 to be presented to the Granite City council by the city Air Pollution Control board to provide for hiring a young engineer on a full-time basis as assistant technical secretary.

Under the arrangement, the assistant would work under the supervision of the present part-time technical secretary, Prof. Ervin Hoelcher, who has been with the local board for several years and would provide the aspect of continuity.

Initially, the staff would include a part-time office secretary, and it is expected the board would increase to a minimum of \$20,000 within one to two years.

In a study prepared by the consulting firm of Ryckman, Edgerly, Tomlinson & Associates, St. Louis, it was noted the presence of a full-time engineer and secretary, a contact would be available to the citizens at all times for complaints and data.

Even if a part-time secretary would not permit such operation, an answering service or recording device would permit the engineer to make a return call within a short time and the citizens would be served in a favorable manner, the survey showed.

The consulting firm also is urging the present air pollution control ordinance be updated to conform to exemption requirements and projected regional agency requirement.

The local clean air board is planning to ask the council to change the present ordinance for compliance with new state standards that have been established since the law was first prepared in 1967.

In the event a full-time engineer is not hired, the consultant firm suggests that the board could contract part-time engineering assistance with a consulting engineering firm with installation of telephone linkage which would permit direct contact by the citizens to someone knowledgeable with the Granite City program and capable of taking immediate action.

The Highway, Traffic and Transportation Committee of the Chamber of Commerce of the Tri-Cities on Friday urged that installation of stoplights be expedited at Pontoon road and Route 111.

E. E. Hartgerink, committee chairman, sent the following letter to District Highway Engineer Robert E. Kronst:

"The committee wishes to call your attention to the necessity for installing a traffic control signal at the intersection of Pontoon road and Illinois Highway 111.

"I understand that such a signal has been approved and is scheduled to be installed sometime during the current year.

"The committee would like to prevail upon you and your department to give the installation of this signal a very high priority, and respectfully request your consideration in installing this signal at the earliest possible date.

"The necessity for this action is underscored by the recent fatality that occurred just a few days ago at this intersection. Thank you for your consideration."

Road Fund Cuts Causes Drop in Chouteau Budget

Reductions in appropriations for the road and bridge fund and permanent road fund of Chouteau township has resulted in a new 1970-71 budget of \$138,600 for township operation, a decrease of \$17,625 below last year's \$156,225 total.

The budget cuts in the township highway department were sufficient to offset increases in the town fund and general assistance fund appropriations which are set at \$38,300 and \$37,650, respectively.

The new town fund budget is up from \$34,005 last year, while the general assistance fund appropriations are an increase of \$780 above last year's \$29,970 total.

Both the town budget and road and bridge fund budgets have been posted for public inspection in the office of Town Clerk George Warnecke at Mitchell, where a public hearing will be held at 7 p.m. March 31 on both budgets.

Annual Meeting Set
The appropriation bills approved at the public hearing will be submitted to the town electors for final approval in the annual town meeting April 14. Location of the meeting has not been finally determined, but it tentatively is set for the Sun and Fun beach resort.

The new road and bridge fund budget is fixed at \$38,650, compared with \$41,750 last year, but the biggest cut is in the permanent road fund which is set this year at \$24,000, down \$16,500 from last year's \$40,500. A \$10,000 item for equipment and buildings, usually budgeted separately, is eliminated from the budget this year.

The increase in the town fund includes \$2,000 for an increase in the assessor's salary from \$4,000 to \$6,000, and \$500 additional in fees for the town board of auditors, an item that was raised from \$250 to \$300. Projected expenses for office help were set at \$225, up from \$150, and office help for the assessor's office was budgeted at \$175, up from \$150.

Relief Cost Up
Bulk of the increase in the general assistance fund is in the budget for home relief, set at \$26,000, compared with \$19,100 last year. Home relief items included \$15,000 for food, up from \$10,000; \$3,000 for rent payments, up from \$2,000; and \$500 for medical care, up from \$400. Hospitalization costs are budgeted at \$5,000, unchanged from last year.

Principal change in the road and bridge fund budget was a \$4,000 cut in the item for road painting, set at \$10,000 this year as compared with \$14,000 last year.

In the permanent road fund the major reduction is made in the budget for maintenance of hard roads, fixed at \$8,000 this year as compared with \$25,000 last year. Estimated cost of im-

OPEN LETTER TO THE PEOPLE OF MADISON COUNTY:

Tomorrow may be the most important Primary Election held in the County for many years to come. It will determine whether the "machine" with its money and outside political forces and maintain its control of the selection of your public officials here and in the state legislature.

Of more than 120,000 voters in Madison County fewer than 30,000 usually vote in Primary Elections. What is the reason? Why are there so few contests in Primary Elections? I do not believe it is because people don't care about their government. Perhaps many don't vote because they are unimpressed by the quality of the candidates. Perhaps many qualified people hesitate to run for office because such a small percentage of we voters turn out for Primary Elections. As a result, both political parties have become closed little clubs and are able to dominate our country and state governments by spending a lot of money getting out the votes they can count on to support the system which thrives on political patronage.

With volunteer help I have tried to contact as many people as possible, personally and by mail. My past history, experience, qualifications, and proposed legislative program have been widely publicized in an effort to inform all of the voters in Madison County.

If we are to improve the quality of state and local government and encourage real competition for public service it is time for all of us to participate in some way -- as candidates -- as volunteer workers for candidates of our choice -- and certainly as citizens, exercising our American right to vote. Your vote is IMPORTANT. Don't underestimate the power of one vote.

Please take just a few minutes on Tuesday to exercise your voice in government. That is what Democracy is all about. We have fought for it. Many have died for it.

Sincerely yours,

Dick H. Mudge, Jr.

DEMOCRATIC CANDIDATE FOR STATE SENATOR.

BACK CANDIDATES LOYAL TO U.S. CONSTITUTION

To the Editor:
March 17 brings another primary election. This year we are in for some very troubled times—riots, boycotts, protest marches, school disruptions, etc.

Now, as never before, we must exercise our rights at the ballot box and vote for candidates who still believe in patriotism, honor, integrity and the basic fundamentals of the Constitution of the United States.

Every eligible voter should make every effort to vote in the primary. How else are we going to be able to place the names of the best qualified on the ballot—those who represent the majority of the people and not just minority groups?

It is said that only about 22% of the people vote in primary elections, which disposes of the greatest heritage ever given to us!

It would be a sad day for all of us if the privilege to vote no longer existed.

Remember, only when the ballot box is full will citizens' voice be heard in Springfield and Washington.

TOP OFFICIALS URGE AID TO NON-PUBLIC SCHOOLS

To the Editor:
Without doubt one of the "hot questions" today is aid to non-public schools. May I offer a few comments which may help us to come to a fair conclusion?

First, let us see what our public men have to say:
"It would be a tragedy of the first magnitude if private schools were driven out of existence," Richard M. Nixon, President of U. S.

"This nation faces a crisis in the education of its children. It is necessary to draw upon all the resources of the nation to lift the level of education of our society," Hubert H. Humphrey, former U. S. vice-president.

"The state of Illinois must alleviate the pressure upon the private and parochial school system or face a social and economic collapse," Richard B. Ogilvie, governor of Illinois.

"From the taxpayers' viewpoint, state aid to non-public schools is an economic necessity, not a luxury," Paul Simon, lieutenant governor of Illinois.

"The state of Illinois cannot afford not to help the parochial schools," Michael J. Hewlett, state auditor of public accounts.

"Nationwide, if this crisis is not solved, it will cost the American taxpayer a shocking \$5 billion a year," Paul Powell, secretary of state.

Both candidates for state superintendent of public instruction, Mr. Bakker and Mr. Douglas, favor state aid to non-public schools.

Secondly, let us consider some of the objections:

1. Aid to a church school is aid to a church, and in Illinois, where 90% of the Catholic pupils are in Roman Catholic schools, it is aid to the Roman Catholic Church.

Answer: A school is a school, not a church. Illinois recognizes that fact. For that reason, it guarantees parents the right to send their children to non-public schools. Obviously, Illinois would not permit parents to send their children to the Tri-Cities in order to go to school.

2. But you cannot separate the church from the school. They are one. Aid to the school is aid to the church.

Answer: By the same token you cannot separate the public school from the "churchless." Separation of church and state means that the state should be neutral on church matters, neither favoring nor opposing schools for the precise reason that they are not church-related or "churchless." The state, therefore, should not care whether a school is a church or not.

3. The state's concern is the education of its future citizens in a school which meets the state standards. Non-public schools meet state standards.

Answer: If non-public schools, the state would not need to pay pennies but millions of dollars to set up schools for non-public children.

4. Giving tax funds to non-public schools will encourage all sorts of groups to start schools and that will destroy the public school system.

Answer: There is no danger of that. The state has a right to set standards for the school's eligibility to receive state funds.

For example, the House

passed bills would not allow any state assistance to a new school until it had completed two full years of state-approved education. That would stop fly-by-night schools from exploiting state funds.

5. The public school is the American school, open to all, non-sectarian, under a public school control, serving all the people. The public school is America's "melting pot." Non-public schools are private, exclusive, restricted.

Answer: America is not a "melting pot" where everybody is melted down to a mass of people all alike. America is the land of the free, where people have a right to their own beliefs as well as to their own property.

Since there are about 450,000 non-public school pupils, or about 16% of all school children, non-public schools, this is a matter of concern to all.

If the non-public schools are closed down, the state would cost taxpayers at least \$216,000,000, based on the present minimum expenditure of \$1500 a year per average daily attendance. This cost could be as much as \$324,000,000, based on the statewide average of approximately \$800 expended yearly per pupil.

SAYS MUDGE SEEKING TO SNEAK VADALABENE TO THE EDITOR:

After reading the article put in the Press-Record by Dick Mudge, I feel compelled to present my opinion of some of the statements he made.

He decries the so-called party bosses only because they refused to back him in favor of a more qualified candidate. A few years back, they weren't "party bosses," when Mr. Mudge ran on their ticket.

He must feel that if they are the enemy of the organization, and if they are against him, they are "machine" or "bosses."

Mr. Mudge maintains that when he was state's attorney we had no gambling in Madison county. It is not true. It was because officials had cleaned up gambling operations before they turned the office over to him.

He climbed on his white horse and proclaimed himself a champion of the churches of the money which they used for youth activities and charity.

Also, Mr. Mudge forgot to mention that as state's attorney, he refused to try a case for six months because he was afraid of Chief Judge James Monroe.

Mr. Mudge tries to smear Sam—by accusing him of owning, at one time, a family tavern in Edwardsville. This is such an old political smear that it was used by Douglas when he ran against Abe Lincoln.

As he said, "I'm on the side of the staff and you're on the side that's buying," Sam Vadalabene could tell Mr. Mudge that he no longer sells the stuff.

I wonder why Mr. Mudge failed to mention the school board in Edwardsville demanding that they dismiss school so the little school in the Tri-Cities would be the only school left.

I'm sure that, come election day, Mr. Mudge will be singing and shouting about the school board.

Big Primary Turnout Would Assure That Winners Are Really the People's Choice

"Happy days are here again" and "Why is I born?" could be the contrasting musical themes tomorrow night for the array of candidates on the Democratic and Republican primary ballots.

Victory is sweet, but not all the contenders can be smiling and happy. Aspirants will be able to smile, but 12 will frown.

Whether voters will be pleased or disappointed by the results will depend to a great extent on whether they take the trouble to vote. A large turnout assures that the winner will be the actual choice of the majority.

We urge that Quad-City make a special point of going to the polls between 6 a.m. and 6 p.m. Tuesday, March 17.

Many Opportunities to Attend Local Taxing Agency Meetings This Week

Another of those weeks has arrived when Quad-City area governmental agencies are transacting business and making plans every night in the week. The Press-Record will be on hand to relay detailed accounts to the public, but we also urge citizens to attend and hear directly the decisions being made on services and expenditures.

The meetings will be: Madison school board Tuesday; Beach village board, Venice school board and Granite City council tonight; Madison city council Tuesday; Madison county board of supervisors Wednesday; Madison school board Thursday; and Venice city council Friday.

Geographic Prejudice Enters Campaign

A bit of geographic prejudice has been injected into the Fifth Appellate Court District clerk primary by Illinois Secretary of State Paul Powell and Ben Cherry, president of the Democratic County Chairmen's Association. We think their pressure to nominate Robert V. Walsh of Mount Vernon should be rejected and that Walter Simmons of Venice should be retained.

Powell and Cherry center much of their argument on the fact that the three appellate counties are on the Madison-St. Clair counties area, as are Simmons, Lt. Gov. Paul Simon and Alan Dixon, unopposed for the Democratic nomination as state treasurer.

What they forget is that it was not always so; for many years, this region was largely shut out of major offices, including the appellate court. They also forget the fact that the bi-county area is by far the biggest concentration of population within the 37-county appellate district. And they ignore the fact that Simmons already is serving competently in the office.

Police, Citizens Being Heard During Dismissal, Probation Court Hearings

The new procedure by Judge James Monroe Jr. in alerting public of pending dismissal or probation hearings is a constructive step. Where dropping of charges is proposed, victims, witnesses and neighbors are now being given a chance to attend and speak.

For years, some police officers have complained that they were bypassed at later hearings after they had done the investigative work leading to charges or convictions.

Under the current plan, the circuit court retains the ultimate right to decide. But each ruling is an informed one; someone with full knowledge of the facts is on hand to cite pertinent facts or opinion.

This case will go into the law books for Calvo as the first of its kind.

Not only do we feel proud of selecting Calvo as our attorney but we are proud to have him as our personal friend.

I wish everyone could get to know Calvo as I know him: a hard-working man, working for labor and on any other cause that makes a difference to the people.

Mr. Kennedy did vote for the gun law, which I think is all right. It is a good law for the money-maker for the state.

I would be willing to have a gun law if the state would not have a gun law. It is a good law for the money-maker for the state.

We have a young man here in Granite City who has his heart set on being a lawyer. He is a good student and a good citizen.

THE PEOPLE'S DEMOCRAT
The Democratic Party belongs to the people, not to a handful of state-makers. Mudge kept his promise to the people and improved the public image of the Democratic Party. When he was State's Attorney the Democrats won every election. He was elected Delegate to the Democratic National Convention in 1968 and represented this District independent of pressure from the Chicago dominated delegation. He supported winners—the political bosses were out of touch with the people and lost the election of 1968.

**HONEST GOVERNMENT
IS GOOD POLITICS**
Mudge has been opposed by some elements in the Democratic Party because of his independence but he has continued to fight within the party for other good Democrats at all levels of Government. He campaigned for his college classmate John F. Kennedy, Senator Paul H. Douglas and Adlai Stevenson. HIS RECORD AS AN HONEST PUBLIC OFFICIAL HELPED THESE DEMOCRATS WIN.

Mudge is a native of Edwardsville, educated in the public schools, Harvard University and Northwestern Law School. He has practiced law for twenty years, representing people from all walks of life. He is respected by the members of his profession for his service as State's Attorney and was elected President of the Madison County Bar in 1963. He was a member of the joint committee of the Chicago and Illinois Bar Associations which wrote the new criminal code for the State of Illinois. AS STATE SENATOR HE CAN PUT HIS EXPERIENCE AND KNOWLEDGE OF THE LAW TO WORK FOR YOU.

**EXPERIENCED IN WAR -- AN

Mudge served in the U.S. Air Force, 1941-46. He was a single engine fighter pilot and flew 78 missions over German occupied Europe and Germany. He was awarded the Distinguished Flying Cross three times. After 16 months on operations he was a prisoner in various Nazi prisons and one of the survivors of the notorious death march from the Stalag Luft III in the winter of 1945. Miss Guth, John E. Brooks Exchange Wedding Vows

Seasonal white flowers on the altar and white bows on alternate pews down the aisle provided the setting Saturday for the wedding at St. Elizabeth Catholic Church of Miss Cheryl Guth and John E. Brooks.

The bride's parents are Mr. and Mrs. William P. Guth, 2170 Northland drive. Mr. Brooks is a son of Mr. and Mrs. Fred O. Brooks, 2138 Adams street.

Rev. J. L. Mattingly and Rev. M. J. Quilligan officiated at the noon ceremony which was followed by a breakfast in the home of the bride. The reception was held in the evening at the Polish Hall in Madison.

Imported Alencon lace was used to fashion the Empire bodice of the bride's gown. It was designed with a high mandarin collar and long bishop sleeves. The A-line skirt of tulle and tulle was detachable. A matching floral profile headpiece secured the bride's bubble veil of imported illusion and she carried a cascade type bouquet of white roses and yellow Sweetheart roses.

Mrs. Alan Criter was matron of honor, and Miss Patty Guth, the bride's sister, Mrs. Greg Worniak, and Miss Cathy Crowe, the bride's cousin, were bridesmaids.

The attendants were dressed alike. Their gowns of aqua-jakarta cloth were floor-length, the Empire waists styled with high stand-away collars and short sleeves. Why AMIBEN is today's No.1 soybean herbicide

Because it gives you, in your choice of liquid concentrate or granules, the broadest range weed and grass control on the market.

Other soybean herbicides are essentially grass killers. AMIBEN™ preemergence weedkiller not only controls a full range of grasses but also, as a bonus, controls a full range of broadleaf weeds. In fact, Amiben controls more grassy weeds and more broadleaf weeds than any competitive chemical you can buy.

Amiben gives you these advantages with safety to your crop (even in wet weather), safety to adjacent crops and to crops you may plant on the same ground next year. Other soybean herbicides may perform well within their own limits, but they are no match for Amiben... the nearest thing to a perfect soybean weed and grass killer that science has yet come up with. That's why more farmers use Amiben than any other soybean herbicide.

Joseph Sinovic, 79, Dies Suddenly Friday

Joseph P. Sinovic, 79, Rural Route One, a self-employed distributor of California juices, was stricken while delivering an order in Madison and was pronounced dead upon being taken to St. Elizabeth Hospital at 4:10 p.m. Friday.

Born in Yugoslavia, he came to St. Louis in 1912 and moved to Granite City 25 years ago. He was a member of Club Novigrad, Sokol Dalmijaca and the Legion of Moose club.

He is survived by his wife, Anna; three sons, John and Joseph, both of St. Louis, and Samuel Sinovic of Arizona; a brother, Nick, and a sister, Mary, both of Yugoslavia; two grandsons, Jim of Fairview Heights and Nick of Granite City; a granddaughter, Mrs. Sharon Pascoe of Phoenix, Ariz.; and 11 great-grandchildren. Funeral services were held at 9 a.m. today at St. Joseph's Catholic Church at 12th and Russell streets, St. Louis, with burial at Resurrection Cemetery in St. Louis.

Cadet Girls Plan Wagon Train 'Pioneer' Trek

Three Cadette Girl Scout troops whose members are planning a "pioneer" trek by actual wagon train along the route of the Old Butterfield Trail in Kansas this July will sponsor a benefit rummage sale and gift bazaar Saturday at Schermer's market in Madison.

Troop leaders are asking the public to support Saturday's dual project, proceeds from which will help defray expenses of the July trip—the first of its kind to be made by local Girl Scouts.

Parked Auto Struck

An auto driven by Ivan Herschel Berman, Rural Route One, was struck by a Dodge sedan while it was parked in front of the agency at noon Thursday.

One-way Street Charge Martin Schroeder, 1317 Madison avenue, Madison, was charged with going the wrong way on a one-way street at 21st and State streets at 7:30 p.m. Thursday.

Griffith Backs 'Open Primary' In District Bid

In the wake of a Republican factional controversy which developed last week when Illinois Gov. Ogilvie publicly endorsed a candidate for state representative of the 55th district, Madison County State's Atty. R. W. Griffith announced Friday that he favors an open primary in the five-way representative contest and will make no endorsements.

The state's attorney said he was making the announcement because he had been "besieged by telephone calls" since the governor's statement asking him to state his position with respect to endorsing a candidate for state representative.

The governor's endorsement came during a Lincoln Day dinner in Alton, attended by about 1200 Republicans, including all five candidates for the one state representative post subject to tomorrow's primary election. In a brief address to the state representative post subject to tomorrow's primary election, Griffith said he was not endorsing any candidate for the post.

Many Republicans said the endorsement was a "big surprise," while several said it hit the meeting "like a bombshell." One candidate remarked that "1200 people came to the meeting and 900 of them went home mad."

In a prepared statement issued Friday, Griffith said: "After the endorsement by Gov. Ogilvie of a certain Republican candidate running for representative out of a field of five, I was besieged by telephone calls inquiring as to the position that I, as a Republican state's attorney and this office, would take with respect to endorsing any candidate for that race."

"It is my opinion that each candidate is merited and should be given individual consideration by the voters. I have stated that I would not endorse any candidate therefore, nor be against any."

"The Republican voters from the bottom up should nominate their choice and not be directed in this race from the top down."

Candidates in the 55th District representative contest, in addition to Walters, are Charles "Bill" Burns of Granite City; Walter Emde, also of Granite City; George J. Lebonick of Collinsville and Charles G. Thomas of Bechtolt.

Two Autos Collide

Autos driven by Randall Hill, 2326 Delmar avenue, and Ethel M. Baldwin, 2001 Harding Blvd., collided Thursday afternoon at 22nd and Adams streets.

Figure Skating, Hockey, Races Wilson Park Ice Show To Be Staged Tonight

"Holiday Around the World" is the theme of the Granite City park district's second annual "Ice Show," at seven o'clock tonight in the Wilson Park ice pavilion. No admission will be charged spectators.

Sponsored by the U. S. Figure Skating Association, the program will feature youthful figure skaters and speedsters who have received skating instruction in district-sponsored programs at the local rink the past two seasons, together with exhibition skating by St. Louis area skaters.

Tonight's performance is being directed by Pamela Kim Siefert, figure skating instructor at the local rink who has appeared professionally in skating exhibitions and ice shows. Mrs. Siefert also will perform a solo figure skating number, "Windmills of Your Mind."

Two intra-squad exhibition hockey matches are included on the program, between the Granite City Dodge "Squirts" team of eight-to-10-year-old boys and the "Pee Wee" division team, sponsored by Mathews Chevrolet, comprised of 11-and-12-year-old players.

Speed skating exhibition races for boys, girls, intermediate, senior men and women, plus special races for novices will start at 8:30 p.m., Harold Brown park superintendent said.

Officials of the St. Louis Gateway Skating Club will supervise the speed skating contests, with club members taking part in most scheduled races. Brown explained. He added, "The St. Louis group has been most helpful in establishing a skating instruction series for local youth and very cooperative in other phases of the park district's ice skating program."

Speed skating events and distances, include: Intermediate and senior men — 440 yards and 1/2 mile; intermediate and senior women — 440 and 880 yards; junior boys — 440 and 880-yard; midget boys, group I and II — 220 and 440-yards; bantam boys and girls — 110 and 330-yards; novice Group I — 110 and 330-yards; novice Group II — 220 and 440-yards; and novice Group III — 440 and 880-yards.

Production numbers to be staged under Mrs. Siefert's direction will feature various countries throughout the world. The numbers and participating skaters, include: "Aquarius," featuring Jan Goldstein, with chorus members — Rita Ahlers, Karen Hayes, Maureen Hayes, JoAnn Kambrich, Diana Mayford, Jeannette Patterson, Lea Ruth, Claudia Tonsor and Vicky VanKirk.

"Cover Girls," with Vicki McTaggart and Jane Rich; "Old Fashioned Waltz," featuring Valerie and William O'Bannon; and "Thumbelina," with Erin McKenna.

A dance exhibition, pairing Andi Wylie and Darwin Price and Pam and Randy Siefert; pair exhibition — Sally and Robert Knoll; and a "Russian Ballet" sequence will be presented. The latter event spotlighted Peggy Terrick as the prima ballerina, with Loland Benimann, Terri Detering, Diana Bunch, Diana Dix, Chris Ernst, Kathy McCann, Marianne Mellott, Leisa Tervasi, Karen Oresovich, Susan Thompson and Becky VanKirk.

Hundley Agency Drops Its Pontiac Franchise

The Hundley auto agency, 1801 Madison avenue, relinquished its franchise to sell and service new Pontiac motor vehicles as of Friday, it was announced Saturday by Thomas Hundley, proprietor.

He said his firm will continue to operate its used car lot, maintain the show room and lease automobiles. One mechanic will be available, and the business will be operated by Hundley, Rupert Haneline and Walter Chapman.

The company has held the Pontiac franchise here for the last 30 years. Hundley said the Pontiac corporation had requested that he move to a new location with larger facilities which would require an investment of about a half-million dollars.

FREE TOUR LITERATURE AT HOLIDAY SERVICE

The entire cast will be featured in the "Grand Finale" number, Mrs. Siefert said.

This Statement appeared in Thursday's edition of the Press-Record:

IS CALVO TRICKING THE PUBLIC?
While claiming to be against pollution here at home it is a matter of record that on a bill to give the attorney general power to issue an injunction to prevent air and water pollution—Calvo voted NO in committee to keep it off the floor—as did Kennedy. Then Calvo voted NO on the floor — it still passed.

HERE ARE THE REAL FACTS ---
Calvo voted for House Bill 2770, which passed the house by a vote of 124-7.

HB 2770 --
Would have provided for standards, penalties and enforcement not possible under present laws.

If Calvo was not opposed to Air Pollution, would he have been appointed Chairman of the Downstate Pollution Committee?
